JESSICA MCCLINTOCK HOME
The Romance Collection for Young Ladies

Every woman who has attended a prom, walked down the aisle, or worn a bridesmaid or mother of the bride dress within the last thirty years is familiar with the special occasion and bridal dresses of Jessica McClintock. Jessica has been honored with countless fashion industry awards over the course of her career. Women's Wear Daily recognized her signature fragrance among the Top Ten selling fragrances for women and has consistently recognized her as one of the Top Ten names in dress design and as one of the most recognized names in women's fashion. Every year, more McClintock fashions are seen at proms, graduations, weddings and other special occasions than those of any other designer. Renowned in the fashion world, she has a loyal and attentive consumer following.

The "look" of the collection is especially appropriate to the name Jessica McClintock has attached to her furniture efforts: *"The Romance Collection."* Jessica McClintock explains: *"To me, 'romance' means beauty that touches the emotional part of our being."*

Many of the individual items in *"Jessica McClintock Home – The Romance Collection for Young Ladies"* were inspired by actual furnishings in her home in San Francisco. With its graceful shapes and extensive carvings with delicate silver accents over a soft antique white finish, the look is decidedly romantic to appeal to young ladies from tots through teens and their mothers. *"My way is 'romantic,' and so are my fashion designs,"* McClintock says. *"These furniture creations are certainly a perfect complement to my approach to fashion."*
